**14 NHS Health Check for patients aged 40-74 years old ("Health M.O.T")**

The NHS Health Check is a health check-up for adults in England aged 40-74. It is designed to spot ~~early signs of stroke, kidney~~ disease, heart disease, type 2 diabetes or dementia. As we get older, we have a higher risk of developing one of these conditions. An NHS Health Check helps find ways to lower this risk.

If you are in the 40-74 age group without a pre-existing condition and you have not had a free NHS Health Check for the past five years you are eligible for an appointment.

Please tick if you would like the surgery to contact you for a free NHS Health Check appointment
